

BLAINE GRANTS 17 PARDONS IN YEAR

Cases of John Dietz, Grace Lusk and Peter Christ Attract Attention.

Madison—Seventeen absolute pardons were granted by Gov. J. J. Blaine during his first year in office, a report compiled today shows. In three of these instances, executive clemency was extended to prisoners serving life sentence for murder in the first degree.

Conditional pardons were granted in 26 cases and commutations of sentence in 14, out of a total of 129 applications heard by the executive and acted on. In 62 cases the governor refused to exercise his right to extend clemency, showing that more than half the cases acted on resulted in either pardon or commutation of sentence.

Probably no executive has used his pardoning power in cases of so little interest as Governor Blaine. His freeing of John Dietz popularly known as the "defender of Cameron Dam," who was convicted of having killed a deputy sheriff while resisting arrest, attracted attention throughout the country.

Teacher Is Freed Following this pardon grant, Grace Lusk, Waukesha school teacher, serving a 15 year sentence for murder of Mrs. David Roberts as the climax of a love triangle, was temporarily freed to permit surgical treatment for ailments that could not be cared for at the prison.

His pardon of Peter Christ, Milwaukee labor leader, serving four months for contempt of court, has resulted in litigation before the Supreme court involving the right of an executive to extend clemency in a contempt sentence. At the time of issuing this pardon Governor Blaine said he intended to continue his policy in prison after the strike out of which the contempt proceeding grew has long been settled, will give force to the fast growing popular feeling that the law is an instrument to be used only against the weak in favor of the strong.

One Hoosier Pardoned Only one case involving a sentence for violating the prohibition laws arose, and resulted in a conditional pardon so that the prisoner, a world war veteran who had lost an arm in France, might enter vocational training. Governor Blaine said that his sentence had not been excessive, but expressed the opinion that he had "learned a lesson," and was in need of training so that he might support his wife and child.

The great number of pardons and commutations of sentence have for minor felonies where the governor felt that the persons had served long enough to understand the nature of their mistakes. Whenever he was convinced that there were no extenuating circumstances or the crime was of such a nature as to warrant the punishment imposed, applications for pardons were denied.

ASK FOOD MONOPOLY Christians—At the opening of the session the time announced the government would submit bills for the establishment of a state monopoly on the importation of cereals, flour, bran and wine and the compulsory arbitration of labor disputes.

Evansville

Men. L. F. Miller, Phone 204-J. Correspondent.

Evansville—Mrs. John Hegan, who lives with her husband and son on the Evansville road about five miles east of Evansville, was seriously injured Wednesday in a fall on the basement stairs. She broke both bones in one leg, just above the ankle, one bone penetrating the flesh, broke one arm at the elbow, and received severe cuts and bruises about the face and neck. She was not found until an hour after the accident, when her husband returned home. She is about 68 years old. Her condition is said to be as satisfactory as can be expected.

Mr. and Mrs. Dan S. Williams announce the arrival of a daughter, Julia Mary, born Thursday. Mrs. L. Miller is taking care of mother and baby until Mrs. Hegan is able to leave home to take the case. Mr. and Mrs. Hall, who are Mrs. Williams' parents, were expected to arrive Friday.

Graduates Take Part in Class Night Program

Twenty-seven young men and young women, for the past four years students of the Janesville high school, mixed merriment with seriousness in the occasion, at their class night yesterday, at the Congregational church Thursday night.

The real seriousness of graduation will come Friday night, when the graduation address, to be given by Principal L. Miller of the University high school of Madison and the presentation of diplomas by Jesse Marie, president of the board of education, will take place. The program Friday night will start at 8 o'clock in the church, and will include selections by the orchestra, the salutatory and valedictory addresses, and songs by a girls' double quartet.

Two of the class night numbers stood out for originality and difference from those usually given. The class prophecy was well done by Mildred Smith, Harry Kety, Marjorie Burr and Kenneth Rick. The room was darkened and the stage lighted by four candles.

The farewell song, closing the program, was "A Perfect Day" with one popular song. Words appropriate were written by Ruth Bailey, Jean Colby and Harry Selmore. Previous to this time, the class song consisted of popular music, telling about each member, as he stepped forward.

This was done in the first of the program, by Jean Colby, by means of the A. B. C. S. when graduates were on the stage, "Janesville" was sung. This was followed by the welcome, by the class president, William Miller, ably given.

The class history was given by Mabel Hanson, Debra Kramer, Walton Lane and Ivan Lloyd.

The class poem was given by Lilian Madden, and the class will by Carl Mainberg.

The girls' glee club sang, "When Dawning Springtime," and the music was presented by Robert Earle and accepted by Cyril Rossato, the colors of the June class being attached to it with those of the graduating class.

"Swing Low Sweet Chariot" and "Aura Lee" were sung by a quartet consisting of Gerald Van Pool, Stewart Scobie, Walton Lane and James Scobie.

The class of January, 1921, presented the school with "The Song of the Lark," the June class with "The Departure" and this class gave another beautiful picture, "The Mill-Pond" by Junes. This picture will be hung in the new high school. The presentation was made by Rollin Grider and Edna George Jansford accepted it on behalf of the school.

Furniture for the occasion was donated by Leath's.

THE SMOKE WILL TELL.

Tomorrow and Sunday, watch the smoke from your neighbors' houses. Hard coal is smokeless. Ziegler's coal shows a trace light brown in color. Ordinary soft coals throw out heavy clouds of black smoke and soot. ZIEGLER burns. Call Brittingham and Hixon for a ton.

To Have Card Party—Mr. and Mrs. Irving Miller, Caroline street, will entertain at a card party Saturday night, Jan. 28 at their home.

With Mrs. Carle—One of the most delightful programs that the MacDowell club, the leading women's musical organization of the city, has had this year, was given at the meeting at the home of Mrs. Norman Carle, 515 St. Lawrence avenue, Thursday afternoon. The music was all about water, and consisted of vocal and piano solos and vocal trios. Those who took part were the Mesdames Frank Roach, Roy Parker, John Kitchin, at 3 o'clock, James Ryan, Gerald Cunningham, W. T. Sherer, Frank Deane and Miss Dolly Stang.

Mrs. Harry Kimberly, Gatesburg, Ill., a guest in the city, sang "Branche Thy Name" by Mary Sutter, "Songs My Mother Taught Me," "Dvorak," and "There is No Death" by Geoffrey O'Hara. For an encore she sang "Oh, Mr. Piper" by Curran.

Mrs. Kimberly's fine voice was heard to an advantage in these selections, especially the first one, which gave her free scope for her artistic vocal expression and range of register. She showed able interpretation, coupled with a voice of great sweetness.

After the program, Mrs. Carle served tea at a table made attractive with bouquets of pink roses in the dining room. The MacDowell club will give a program at the Congregational church at 3 o'clock Sunday, which will be free to the public.

For Newly Weds—Miss Esther Barker, 402 Fourth avenue, was hostess Thursday night at a dinner party, given in compliment to Mr. and Mrs. John Edward Allen, who were married several months ago, and Mr. and Mrs. Morris Reed, whose marriage took place early this month. Eight couples were entertained. Dinner was served at seven o'clock, the table being decorated with yellow flower baskets, filled with nuts and candy hearts. Mrs. Allen and Mrs. Reed were presented with nuptial corsage bouquets of white sweet peas with a red rose in the center.

After the dinner, Miss Flavia Bielecky gave two vocal solos accompanied on the violin by William Kuchel and on the piano by Miss Katherine Stead. Buncos was played later in the evening.

Has Bridge Party—Miss Margaret Donahue, 221 Locust street, gave a bridge party Thursday night. Cards were played at four tables. Mrs. Gene Leisher, Miss Lou Stead and Miss Clara Garbutt, taking the prizes. Later in the evening, a three course lunch was served at small tables.

Hear Dr. Brannan—Dr. Melvin A. Brannan, president of the "How Far Shall Any Social Organization, Such as a Community or a College, Accept the Standard set by a Distinctly Lower Group?" The address will be given at 7:30 and a large attendance is expected. It will be one of the best lectures of the series, it is said.

Meets at Afton—The G. T. G. club, Afton, met Wednesday night at the home of Mr. and Mrs. C. H. Griffin. A three-course dinner was served at seven o'clock, places being taken at 6:30 and 7:30. Mrs. Griffin presided. Mrs. Mary Reed and son, from this city, attended.

Surprised on Anniversary—Mr. and D. C. Burgs, 610 Linn street, were given a surprise party Wednesday night, the occasion being their eleventh wedding anniversary. Twenty-five friends attended and played cards. Mr. and Mrs. F. Shoemaker were prize-winners. Mr. and Mrs. Burgs were presented with special gifts.

Has Birthday Party—David Bowman, Beloit, son of Mr. and Mrs. Edmund P. Ehringer, South Academy street, celebrated his second birthday Wednesday. Twelve of his young friends, accompanied by their mothers, were invited for a party. Children's games were played and a lunch was served at five o'clock. Mrs. G. O. Shinde and children, Marjorie and Bobbie, Duluth, Minn., and Mrs. Robert Dailey and daughter, Wilma, Beloit, were among the guests.

Meet at Yahn—The Dinner Club of Sixteen met Thursday night at the home of Mr. and Mrs. Oscar Yahn, 727 Milwaukee avenue. Dinner was served at seven o'clock at one table, where Valentine decorations were used, red and white carnations carrying out the color scheme. Red candles, place and tally cards in red and white were also used. At bridge in the evening, prizes were won by Mr. and Mrs. Leo A. Wood and Mr. and Mrs. Eber Arthur. Mr. and Mrs. T. E. Dennison, Sherman avenue, will entertain the club at the next meeting.

With Miss McCue—Miss Marie McCue, 175 South Franklin street, entertained the members of the N. A. club Wednesday night. Sewing and games occupied the time and a lunch was served. Miss Catherine Buchanan, a member of the club, who is graduating from high school with the January class, was presented with a special gift.

Miss Ketchpaw Honored—Miss Kathryn Ketchpaw, 1415 Linn street, was honored at a pre-nuptial party Tuesday afternoon at the home of Mrs. Ben Reed, 430 Cherry street. It was an informal tea, served at 5:30. Mrs. E. J. Long, Whitehall, Wis., was the guest from out of the city. Miss Ketchpaw will be among the February brides.

Hostess at Meeting—Mrs. Joseph Weber, Jr., 514 North Washington street, was hostess to the members of a bridge club Thursday. The prizes were won by Mrs. William McGuire and Mrs. Clem Farnum. A dinner was served after the game, at which places were laid for eight.

To Give Matinee—The Douglas Lincoln Parent-Teachers association will sponsor a matinee performance at the Apollo theater Monday, Jan. 30. The money will go into the school fund.

With Mrs. Carle—One of the most delightful programs that the MacDowell club, the leading women's musical organization of the city, has had this year, was given at the meeting at the home of Mrs. Norman Carle, 515 St. Lawrence avenue, Thursday afternoon. ## FEW CHANGES SEEN IN FOOD PRICES

Slight Increases in Butter, Sugar and Onion Costs—New Vegetables.

With the price of butter and eggs remaining practically the same as last week, few changes are seen in the local grocery markets, and but few new varieties of fruits or vegetables have arrived.

Butter has gone one cent higher, the minimum now being 31 cents a pound and the top about 40 cents in local stores. Eggs, strictly fresh, sell for 27 and 28 and 42 cents a dozen, about the same price they were last week.

Among the new green vegetables arrived in the market are wax beans, selling at 25 cents; green beans, 8 cents a bunch; head lettuce, 15 cents a head; vegetable oysters, 15 cents; celery, advanced to 12 and 18 cents; cauliflower, 25 cents each, and celery cabbage, 15 cents each.

Sugar has advanced from \$3.35 to \$3.40 per 100 and may go still higher. There is little chance, however, of it ever reaching to the high mark of two years ago.

Dry beans have become a little more scarce and bring a better price—10 cents per pound. Cocoanuts are down 15 cents some of the larger ones selling for 19.

Cranberries remain at 36 and 40 cents and few other changes are noted in the prices of fruits and vegetables.

Apples sell for from five pounds for a quarter to 10 cents each. Oranges remain at 45, 50, 55 and 65 cents a dozen; grapefruit at 2, 3 and 4 for a quarter and tangerines, 55 cents a dozen. Lemons are 40 cents a dozen and bananas 12 and 14 cents a pound.

The following prices prevail in the vegetable markets at present: 6 cents a pound; Spanish onions, 10 cents a pound; turnips, 4 cents a pound; head lettuce, 15 and 20 cents each; leaf lettuce, 35 and 40 cents a pound; Swiss chard, 10 cents a pound; potatoes, 25 and 40 cents a peck.

## BLITZSTEIN WANTED DEAD HORSE; GOT ONE

Kelne—David Blitzstein, a junk dealer, was arrested Thursday afternoon charged with having wilfully placed a horse and wagon on the tracks of the Northwestern railroad Wednesday, the animal being killed and the wagon demolished by a speeding passenger train.

Blitzstein is said to have pretended he was injured. Physicians at the hospital where he was taken declared he bore no bruises. He was held in \$1,500 bail.

SEWING CLASS  
SEEKS 2 MACHINES

A plea is sent out for the loan of two sewing machines for use at the Y. W. C. A. for about six weeks while the dress making is in session. This class, taught by Mrs. Bunn of the vocational school, has proved popular. It meets Tuesday nights for the lesson and Thursday nights for sewing. There is still room in the class for two more members.

# Change now from spotty hot air heat to ARCOLA's hot water warmth

RIGHT NOW, in the middle of winter, is the economical time to make the change. Your Heating Expert has much more time now than he will have later on.

And you need not hesitate because the days are cold. Your furnace or stoves can remain until ARCOLA is installed and at work.

## The three cold months are coming

The months when chilly bed-rooms mean discomfort for adults and the danger of coughs and colds for the children. What a satisfaction to have an American Radiator in every room, sending out its healthful hot-water warmth.

What a delight in the morning to come down to a dining-room comfortably warm. What a comfort to have all the hot water you want for washing and bathing.

All these comforts come with ARCOLA, and the installation can be made in a very few days. Telephone your Heating Expert (he may be classified as "Plumber" or "Steam-fitter"); ask him for an estimate.

Do it now — today — and enjoy ARCOLA's friendly warmth through the three cold months that are still to come.

ARCOLA's initial cost is surprisingly low and the cost comes back to you. Thousands of ARCOLA owners testify that ARCOLA pays for itself in the fuel it saves.

## "Those Who Dance Must Pay The Fiddler"

There's a settlement in profit or loss, for nearly every indulgence.

Sometimes the pay-day is long deferred, and in that case the settlement may bear compound interest.

Often a payment in ill health is required for the dance had with tea or coffee during earlier years. Sometimes the collection comes in sleeplessness, sometimes in headaches, sometimes in high blood pressure, or in nervous indigestion—sometimes in all these penalties.

Nerves won't always stand the whipping of tea and coffee's drug, caffeine.

If you've been dancing to tea or coffee's fiddling, why keep on till payment time comes? If you're beginning to pay, now, why not cancel the contract?

There's an easy and pleasant way to avoid tea and coffee's penalties, as thousands have found who have changed to Postum. It is a delight with any meal—rich, comforting and satisfying—and it never harms. Even the little children can have a breakfast cup of Postum, with no fear for what may happen to sensitive nerves.

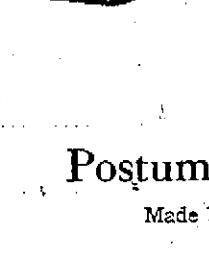

Instead of paying penalties for your meal-time drink, let it pay benefits to you, by giving natural health a full chance—and begin the new arrangement today. Any grocer will sell you, or any good restaurant will serve you Postum.

Postum comes in two forms: Instant Postum (in tins) made instantly in the cup by the addition of boiling water. Postum Cereal (in packages of larger bulk, for those who prefer to make the drink while the meal is being prepared) made by boiling for 20 minutes.

## FOUR FARM MEETS IN MADISON SOON

Dairymen, Bureau, Livestock and Cattle Breeders Convene Next Week.

[By Associated Press.]

Madison—Annual meetings of four Wisconsin farm organizations, marketing reports by investigating committees, special agricultural courses and conferences of farmers with manufacturers of dairy products will be held during Farmers' Home-makers' week here, Jan. 30 to Feb. 4.

The Wisconsin Dairymen's association will open its annual meeting on Monday, the Wisconsin Farm Bureau on Wednesday, the Wisconsin Livestock Breeders' association on Wednesday and the Dairy Cattle Breeders' association on Thursday.

Plans for dairy marketing will be explained by committee reports on four days of the meetings. Report of the committee on cheese marketing will be made Tuesday, the committee on foreign cheese marketing on Wednesday, on milk marketing Thursday, and on butter marketing Friday.

Daily throughout the week a two hour course in use of tractor, proper construction of farm building, drainage work and land clearing. A course on poultry raising is to be carried on with special attention to feeding and breeding for egg production. There is to be a soil school to demonstrate the use of fertilizers.

Conferences with manufacturers of farm products will be held throughout the week commencing with ice cream problems and tests on Tuesday. Wednesday there will be a demonstration of ice cream making. Thursday American Cheese factory methods, problems and costs, and Friday, creamery methods and problems.

## OFFICERS DYNAMITE LARGE VAT OF MASH

[By Associated Press.]

St. Louis—A subterranean vat containing 15,000 gallons of corn mash was dynamited by federal prohibition enforcement agents Thursday on a farm in St. Louis county. The farmer was arrested. His arrest and the vat on his farm followed the destruction by fire of a small house near the coffee farm, occupied by Italians. Part of the vat were found in the debris of the burned building.

## COLLEGE TAX CASE IN CIRCUIT COURT

Matheson Appears for School  
Asking Exemption from  
Taxes.

Whether the city of Beloit can collect taxes on land of the Beloit college is to be determined in a circuit court litigation started before Judge George Grimm in an information filed by the college board of trustees against the city administration. An injunction is asked to restrain the Beloit city council from collecting taxes on \$25,000 worth of real estate for the year 1931.

Alexander E. Matheson, who filed the complaint for the plaintiff, further requests that the city government in Beloit be enjoined from assessing the property in the hands of the college and demands that Beloit tax department remove from the rolls the tax statements against the college.

It is claimed the college is not used for pecuniary profit, but only for the benefit and promotion of Beloit's educational work.

Briefs will probably be ordered, for the case is founded on a point of law, making a jury trial unlikely.

BREAKS ANKLE.

Mrs. Edward Weis, 419 Locust street, fell on the ice near her home recently and broke a bone in her ankle. An X-ray was taken.

Although made in America this distinctive tailcoat costume has a decidedly Parisian air. It is fashioned of navy tricotine with a fitted coat featuring deep points in the front and a ripple in the back. The edges of the collar and lapels as well as the unusual sleeves are bound with novelty braid. The skirt is slightly irregular.

## HUNTING FOR PLACE TO STORE LIQUOR TAKEN IN RAIDS

[SPECIAL TO THE GAZETTE]

Monroe—Green county authorities are looking for a safe place to store the large amount of liquor which has been accumulated due to the vigilance of the Green county sheriff and undersheriff in making raids. The newly built vault of the county court house is causing a mold to form on the books and records of the legal history of the county for the past 60 years. A new vault is being constructed to store the stuff, with a lock big enough for protection for robbery.

HOLDS EMBALMING  
NOT NECESSARY  
TO UNDERTAKING

Madison—Embaling is not an essential business, Judge E. Ray Stevens of the Dane county circuit court ruled Friday in holding invalid a law enacted by the 1921 legislature which required all undertakers to qualify for an embalmers' license before being permitted to handle bodies in Wisconsin.

FIND NO CLUE TO  
MISSING TEACHER

Shawano.—No clue as to the whereabouts of Miss Cora Simonson, county supervising teacher, missing for three weeks, had been developed Friday further than that she had registered at the next morning. Miss Simonson had been in ill health and left her position to go to the home of her parents at Wittenburg. She failed to reach her parents' home.

## State Calls for Constant Fight on "Red Plague"

State the "red plague" as soon would the black plague and practice fire prevention always, says a bulletin to Chief C. J. Murphy from J. B. Florida, Madison, state superintendent of fire protection.

"A safe home is as important as a 'sweet home,'" the bulletin continues. "Proper attention to physical conditions will secure the former, mental attitude the latter."

"Mothers and children spend much of their time in the home. For their protection conditions in the home should be as safe as possible."

"A chain is as strong as its weakest link, and a home as safe as its weakest and most dangerous points. These danger points must be understood and corrected."

"A sound stove, boiler or furnace is essential for protection and protection of nearby walls necessary. Leaving kindling in the oven over night or hanging clothes near the stove or smokepipe is always dangerous. The practice of using kerosene to kindle or quicken a fire causes many deaths each year."

"There should be a distance of 1 1/2 times the diameter of the smokepipe between the pipe and the wall. A distance of once the diameter of the pipe to all woodwork on the side, and a ventilated, double flue where the pipe passes through a partition. The chimney must be sound, not in contact with wood, and cleaned frequently. Using soft coal, neglecting cleaning out of chimneys, causes most chimney and roof fires."

"Every cold spell results in numerous fires due to forcing the heating apparatus. The heater must be managed intelligently."

"Electric wires carry a dangerous power day and night. A competent electrician alone should install and repair the wiring system and make additions and attachments. Attach electric irons, vacuum cleaners, washing machines and other devices to ordinary lighting circuits often causes trouble. Many fires result from leaving on the current when electric irons are not in use."

"Swinging gas brackets and any gas brackets near a window are always a menace, also gas lights within three feet of a ceiling or shelf and

"Use metal fronts in kerosene lamps, keep the lamps clean and fill by daylight only."

"Use candles and combustible decorations on lamps and electric wires and fixtures are always dangerous."

"Keep all gasoline in a red, liquid tight, metal can, outdoors, and fill stoves and lamps by daylight only with no fire or flame near, and do all gasoline cleaning outdoors."

"A clean house makes for a safe home. Do not tolerate oily rags, waste paper and rubbish anywhere in the house."

"A dry, moss-covered shingle roof is always a fire menace."

"Carelessness in the use of matches, their disposal, and in smoking causes many housefires."

## CITY POOR RELIEF IS HELD ADEQUATE

Situation Well in Hand, Says Willmann: Little Real Suffering.

While a few more cases are calling for relief measures in Janesville for this time of the year, there is no need for worry, according to a survey of the situation made Thursday of the "organizations of this city engaged in such work."

"There is more hardship at this time than last year," declared the Rev. Henry Willmann, chairman of the United Relief Bureau and Associated Charities, "but there is not enough to cause worry. I have eight cases of men with families out of work who need coal and groceries but they are being cared for. Of course these people need money for rent, but landlords are lenient and are carrying them along until they can pay. I see no need for any special appeals."

The Rev. Mr. Willmann's work is affiliated with the Elks lodge, the Anti-Tuberculosis association and representatives of all churches in the city.

\$100 Still in Hand

The work of the United Relief Bureau, which was organized a year ago through the Chamber of Commerce, is being taken care of by the Rev. Mr. Willmann. All cases coming to the attention of the chamber are referred to Mr. Willmann. There is a fund of \$100 remaining in the United Bureau from money raised last year. According to Miss Emma Gilbertson of the chamber, she has received only three calls for aid by families since Christmas, one being taken over by the Kiwanis club and the others being referred to Mr. Willmann.

"We have 30 to 40 men registered with us for work," she said, "but of these 50 percent are transients. We have not been able to offer any of these men any work except a few odd jobs. We have occasional calls from people who require women to do housework by the day but there are no women to fill them. I don't believe there is much need in Janesville at present."

Not Much Hardship

Capt. Jack Dermody of the local Salvation Army says he has on the average of five calls a day for aid in food and clothes, the biggest number of which are from transients. He declared Thursday that his cases last week of families requiring groceries numbered five.

"There is no need for a man being out of work now," stated Capt. Dermody, "but he is willing to look for it and willing to put forth his best efforts on the job. There are some poverty cases in the city, but they are families which always have been poverty stricken. I do not think there is much hardship here now."

ANTI LYNCHING BILL O. K.

Washington—By a vote of 235 to 119, the house today passed the Dyer anti-lynching bill. The measure goes to the senate.

VOICE OF THE PEOPLE

Editor Gazette:

"There has been much questioning by these engaged in relief work as to the most satisfactory method of distribution. It has been found that when more than one person or society are interested in the same family, results have often been such as to endanger the giver's benevolent propensities and to lead the recipient into paths of wastefulness and indolence. Also giving without system often means the neglect of those in great need."

Last week two women's societies which have been sewing for relief work decided to use the office of the city and the school nurses for a distribution center. Mrs. Harvey and Miss Glenn spoke to these groups. Their experiences and especially the needs they meet convinced those present that no more satisfactory method could be used. The nurses' office also has the sanction of the Associated Charities.

This would establish two reliable centers for the distribution of garments, bedding and for general giving, and it is hoped that a system carried out through authorized channels like the Salvation Army and the nurses' office at the city hall will be a spur to the many whose hearts are benevolently inclined but who have been negligent because not sure of really doing good.

According to Mrs. Harvey the need is great, the situation having become somewhat serious. Some of the cases reported are more like those to be found in the slums of a large city, than in a place the size of Janesville, and there should be no delay in making a general effort to change conditions.

Mrs. Harvey looking around on a group of busy workers said, "If I may work here in Janesville I could always have been sure that such a group of women as this stood back of me, how much better work I could have done," and this "out spoke" to experienced a feeling of shame and remorse that she had been weighed in the balance and found wanting in so vital a duty. A desire to pass that feeling along to other women of Janesville is a part of the purpose of this article.

Shall we not then make sure that in the nurses' office there are great packing boxes that in one respect, resemble the widow's meal barrel and oil bottle, never lacking the garment or other necessity so needed by the nurse?

It will require time of course, but little expense. A display of the many warm and durable garments made already is convincing proof that there is much good left in many well worn articles and much unpromising material is useful.

A few years ago the city hall presented a very graphic picture of what the women of Janesville do under stress of patriotic duty. It may not be so popular an activity, but help cloth our suffering little neighbors as to work for the soldier boys in camp or on the field, but it is surely a work of patriotism as well as love to interest ourselves enough in the men and women of tomorrow to see to it that they get a better start in life than the sort of deal they are getting now will give them. Many are poorly fed and many are nearly bare-footed and clothed in dirty ragged cotton garments, while through cracks and open places the piercing wind of these bitterly cold days chills them with its icy breath. Some of the stores are so small to contain the necessary coal, even if it were to be had. Christ said no idle words, and perhaps the last few verses of the 25th chapter of Matthew might spur us to action. It pursued carefully. If you have cast-off clothing and feel that home duties, poor health or anything else actually prevents you from making garments send the material to the Baptist church on "Tuesday" or "Wednesday" afternoons and it will be made up.

Send rags and all—more rags, clean rags, for one serious handicap in Miss Harvey's work has been the want of rags. These might be sent to her office.

Let us remember that Mrs. Harvey has had many handicaps in her work here, most of which might have been overcome as easily as the want of rags, and let us make the few days she will be with us more hopeful because she sees that back of her successor stands not only one but many groups of earnest women. May God bless her in her new life!

## WOMAN'S COMPLEX LIFE

Woman's complex life, with its multitudinous calls is given as the reason for many a nervous breakdown. Home work, social obligations, dressmaking and the care of children keep the 20th century woman in a whirl of activity until she is worn out. Her nerves, her nervousness and oftentimes more serious ailments which are peculiar to her sex alone. Such women should not despair, but be guided by the letters so often published in the letters from women who have been in just such conditions but who have been restored to health by Lydia E. Pinkham's Vegetable Compound.

This is a root and herb medicine so that contains no drugs and can be taken in safety by any woman.
